WHY REALTORS PARTNER WITH THE HOME INSPECTORS

THE HOME INSPECTORS

WHY REALTORS PARTNER WITH THE HOME INSPECTORS

AT THE HOME INSPECTORS WE UNDERSTAND THAT PROTECTING YOUR HARD EARNED REPUTATION IS NOT SOMETHING TO BE TAKEN LIGHTLY.

We work to provide a level of service that echos your commitment to excellence. Here are our top 8 reasons Realtors partner with the The Home Inspectors!

1 WE UNDERSTAND TIMING IS IMPORTANT

We're a company that understands the time constraints of the Option Period, and offer timely access to inspection scheduling via phone, e-mail and 24/7 online scheduling.

2 CONTINUED "SERVICE AFTER THE SALE"

Even after the initial inspection, our experts make themselves available to your clients for additional questions that may arise and/or clarification.

3 DETAILED INSPECTION REPORT

Full Color Reports are presented and emailed on site eliminating delays in preparing Repair Amendment. Every home inspection comes with a subscription to HomeBinder ($300+ value). Your client's personal HomeBinder.com account will include the inspection reports and photos, educational videos site specific to the home as well as additional resources and maintenance reminders already uploaded.

4 WE KEEP YOUR CLIENTS AT EASE

We convey findings and recommendations in a clear and straightforward manner using a non-alarming, low-key approach with an emphasis on health/safety/major expense items.

THE HOME INSPECTORS

5 CLEAR AND IMMEDIATE COMMUNICATION

We utilize a state-of-the-art system to deliver e-mail confirmations to the client and agents involved in the transaction, delivering details before, during, and after the inspection.

6 PROVIDE ADDITIONAL VALUE AT NO COST

We provide addtional value by offering services such as FREE Termite Inspections as well as the inspection of Pier & Beam Foundations, Pools/Spas, Sprinkler Systems, Septic Systems and Private Water Wells – all at No Additional Charge.

7 EDUCATE YOUR CLIENTS ON THEIR HOME

We provide short educational videos which are site-specific to each home. These videos detail the location of and how to turn off the main water, water heater, and gas supplies as well as how & where to change the air filter.

8 A TEAM YOU CAN TRUST

Our home inspectors provide a level of service that is committed to excellence and putting your clients first. We are a team of trusted experts that you can trust to get the job done right, everytime.

You need a home inspection company that offers unmatched value at exceptional prices, timely scheduling, quality inspections, comprehensive reports presented on-site in a non-alarming manner coupled with prompt follow-up and continuing “service after the sale”. Get all of this and more when you partner with The Home Inspectors today!
