...I'm genuinely glad I took the call

"I was skeptical. I assumed it would just be an opportunity to upsell — nothing in life is truly free. I was wrong, and I'm genuinely glad I took the call. My assistant was knowledgeable, efficient, and clearly invested in helping rather than selling. I honestly feel like she saved me a significant amount of money. If it's offered to you for free, you'd be a fool to turn it down!"
